

**GRAPHIC
DESIGNER**

MAKANIT PORTFOLIO

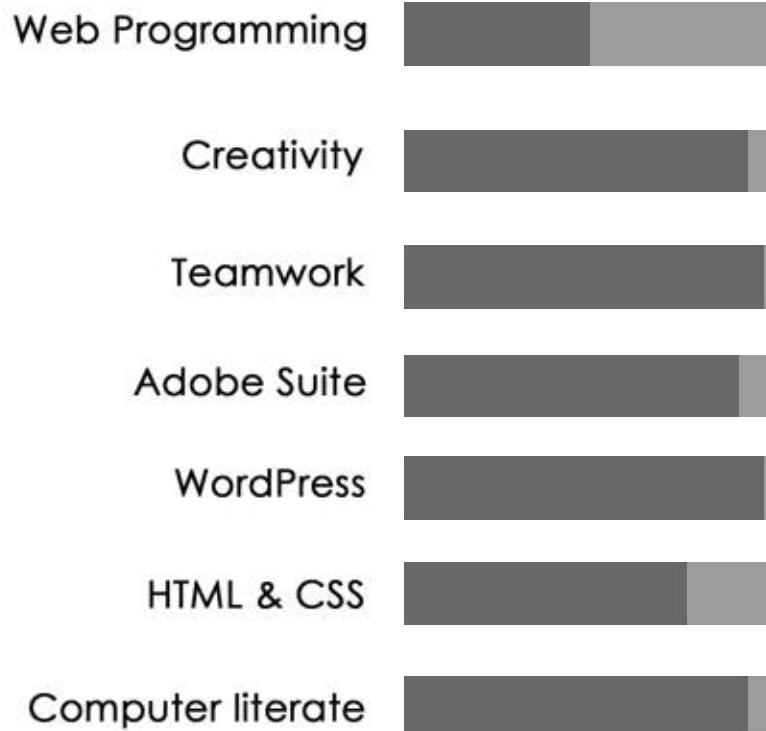

ABOUT ME

It might seem strange that I get excited thinking about colors, typography and cascading style sheets, but my passion for all aspects of graphic design has remained strong throughout my experience in the industry.

My background includes corporate, agency and freelance graphic design experience, with a history of leading print, interactive and digital design projects to acclaimed completion. I have worked on different projects including marketing, advertising, product launch and image campaigns for different brands and companies.
